

Fiery Printing System 11/12

for the TA Triumph-Adler DCC 2930/2935/2945/2950 and DCC 2965/2970

Choose a Versatile Printing System for Your Business Needs

The Fiery® Printing Systems for the TA Triumph-Adler colour line up cater to busy office work-group and enterprise environments that need an easy-to-use, secure solution with high colour quality, outstanding productivity.

Do More Work Faster

Now, you can do more work faster with Fiery Smart RIP technology, productivity tools and logical workflows. The Fiery systems' intelligent processing features dramatically increase the printing speed of Microsoft® Office and Adobe® applications by providing the most efficient path for image and graphic rich files.

Use Powerful Tools for Producing Consistent, Accurate Colour

You expect accurate colour every time, no matter how difficult the job. Fiery systems help you achieve precise colour with integrated tools that can be used by employees at all skill levels.

- Fiery ColorWise® colour management technology gives you great colour and image quality right out-of-the-box.
- Fiery Spot-On* offers a complete and easy-to-use toolset to print the best PANTONE® and custom spot colours.
- Fiery Image Enhance automates colour correction of non-professional photographs, without the time or expense of traditional photo manipulation.

Get a User Friendly Office Solution to Create Professional-Looking Materials

Fiery VUE gives you a "visual print application" that allows you to produce professional-looking, finished print materials quickly, easily and cost-effectively in-house. The interactive desktop application comes with a user-friendly 3D interface that visually guides you through the document creation process with intuitive layout and finishing tools.

Since savvy looking documents are critical to office and enterprise environments, Fiery systems provide standard imposition and booklet making features through the driver. For more complex jobs, the optional Fiery SeeQuence Impose offers you full imposition and document preparation capabilities, to ensure accurate, finished documents on time.

Protect Your Most Valuable Assets with Comprehensive Security Features

Fiery® Printing Systems give you a wide range of document and device security tools. Administrators can set general authentications, disable network ports and services, set IP filtering and support anti-virus software.
